Guidance & Validation in PT QUALIFICA PROGRAMME

Background

- Recover from 50 y of dictatorship
- Previous similar political initiatives are at the origin of Qualifica since 2000
- National priority: to raise educational and professional level of adult population/ To follow EC Council's UP Recommendations
- Implementation of Qualifica started in 2016

Guidance & Validation in Portugal

• Governance and organization

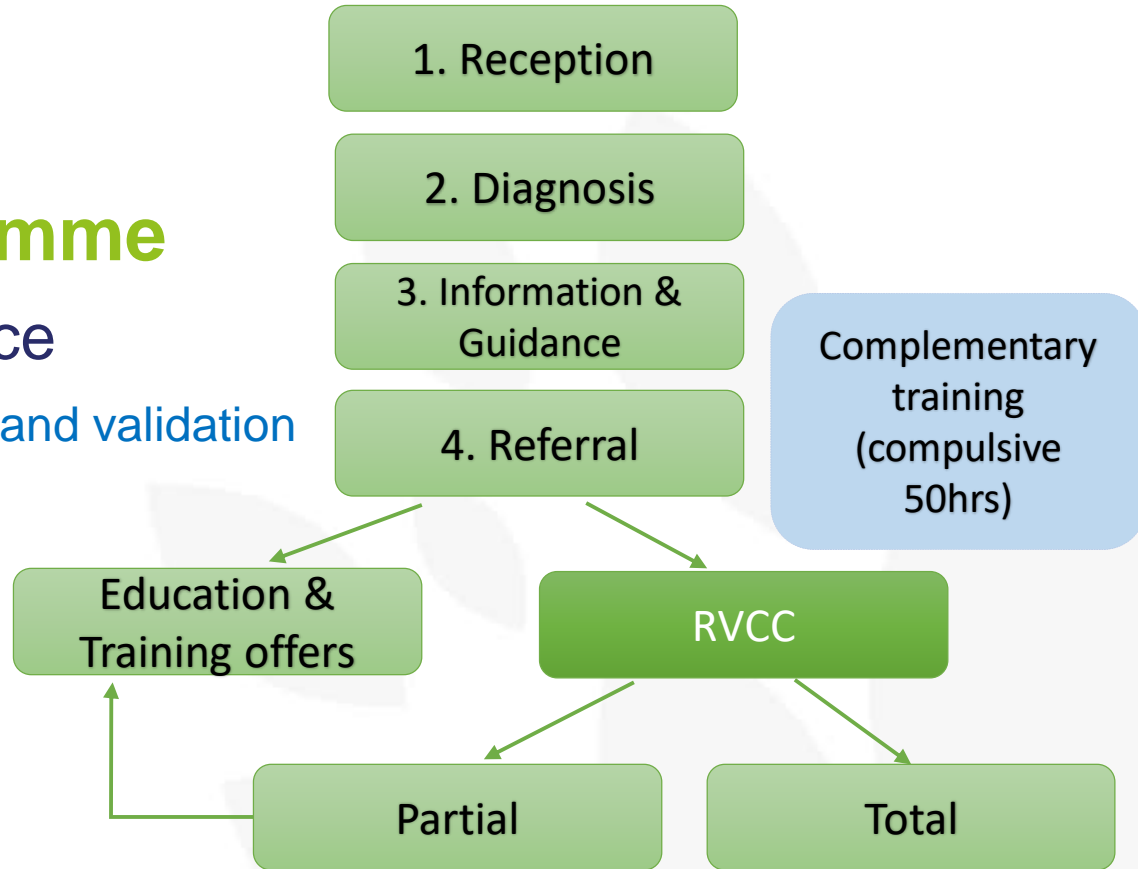

- Centralized coordination – ANQEP, cross-sectoral body (Ministry of Education and Ministry of Labour and Social Security)
- Regional and local articulation with local partners
- Network of Qualifica centers distributed throughout the country (around 300)
- Hosted in different institutions (51% in basic and secondary schools; 26% Professional Training centers; 23% other institutions such as private companies, employers' confederations, union training centres, local associations and municipalities).

Qualifica Programme

Rationale of the practice

Integrated model of guidance and validation

Guidance & Validation in Portugal
