## Introduction

Entrepreneurship could be defined as “easing the creation of new businesses and to encourage a supportive environment for existing entrepreneurs to thrive and grow.” VET can inspire entrepreneurship and entrepreneurship can inspire VET. This session will consider VET and entrepreneurship in a lifelong and inclusive context, with particular attention to the service sector.

### DISCUSSION QUESTION:

How can entrepreneurship in VET contribute to lifelong learning? To think about in this context: excellence, inclusivity and mainstreaming.

### WORKING METHOD:

Keynote speeches, participatory discussion
